

DEATH OF CALER COOKER.—This estimable citizen, and well known merchant, died on last Saturday evening, at his residence in Society Hill. Mr. Cooker has been for many years a prominent and successful merchant, earning and keeping the confidence and esteem of the community. A good citizen, and an upright, religious man has been taken away in the midst of his usefulness; and the community joins with his sorrowing family in regrets for his loss. One by one our purest and best men are taking their departure for the "happy valley."
[Darlington Democrat.]

A rather funny thing was developed in a recent trial between two Germans in New York city. It came out that the great whale which used to disport himself so furiously in the New York aquarium, to the great amusement of visitors, was nothing more nor less than a piece of mechanism, with a man inside of it.

A singular scene occurred at the reading of Miss Bateman's new play, "Mary Warner," in the green-room, at the Haymarket Theatre in London. The actors and actresses were so delighted with it that they interrupted the reading with three hearty cheers for Tom Taylor, its author.

The list of delinquent tax-payers in New Orleans makes nearly forty-one columns of the Bulletin supplement, and contains nearly eleven thousand names—a sign of hard times and a scawag government.

A close observer of ladies says, when he sees kisses between women it reminds him of two handsome unmatched gloves—charming things with their proper mate, but good for nothing that way.

The length of the Pacific Railroad is such that a courtship begun in Ohio was consummated in a marriage before the two travelers reached the end of their route.

There is a lady in Sutton, New York, who was married at twelve years of age, who is the mother of sixteen children, weighs 210 pounds, and is "fair, fat and forty."

Mary Ann Buie Institute,
AT EDGEFIELD.
MISS BUIE, Confederate Soldier's Friend, will resume the exercises of her school, on the 1st day of September, 1869, with a corps of Teachers who have had the management of schools for more than ten years. Miss Buie purposes to make her school useful to the country by placing education in reach of all. Confederate orphans taught free of charge. She asks the aid of the public, and particularly of the citizens of South Carolina, in accomplishing this purpose, as she is unable to board them free, having to pay the highest rates for rent and professors in music and other branches. Everything is taught that is learned in any school, solid and ornamental, without partiality, lower than elsewhere. Teachers paid half in advance. Terms for board and tuition, half in advance. Board and the highest rates of tuition, including music from Professors, \$25 per month. Owing to the scarcity of money, Miss Buie has reduced the rates of the Primary Branches. Music, Piano and Guitar, \$25 for each for five months. Board \$15, with washing and lights. Orphans will be boarded for \$12 per month; tuition free.

Special Notices.

A CARD—Southern Life Insurance Company, Atlanta, Georgia.
To the People of South Carolina:
The above Company was organized in 1866, in consequence of the wholesale forfeiture of Southern policies by Northern companies. The unparalleled success of the enterprise has forced several of these companies to restore their Southern policies, from the fact that they could not operate in our midst without the appearance of honesty.
We keep all our money at home to build up our impoverished country—every dollar of premium being safely invested in the State from which it is derived. The institution is purely Southern, and hence should appeal with great force to the patriotism and sympathy of every Southern heart.
It is not our purpose to make war on other companies, but to exhibit the special advantages offered by this purely Southern Company—founded on patriotism and solid wealth. Its ratio of assets to liabilities—the true test of a company's strength, is second to none on this continent—being nearly 300 to 100.
Whenever and wherever we have presented the claims of this Company, it has not only enlisted the sympathies of our people, but has also secured their hearty co-operation. We have secured 500 policies in South Carolina since the 10th of February. We number among our Directors Gen. Wade Hampton and Col. Wm. Johnston, gentlemen well known to every citizen of South Carolina. We appeal personally to the people of South Carolina to assist in pushing forward this deservedly popular Southern institution.
J. H. MILLER,
General Agent Southern Life Insurance Co.
R. W. LAWTON, State Agent.

CITIZENS' SAVINGS BANK OF SOUTH CAROLINA
AUTHORIZED CAPITAL, \$500,000.
DEPOSITS OF \$1 & UPWARDS RECEIVED.

INTEREST at the rate of Six per cent. per annum, (the rate paid by most Savings Banks is from Three per cent. to Five per cent. only), allowed on deposits, and payable in January and July of each year, or added to principal, and interest compounded, at option of the depositor.
Principal and interest, or any part thereof, may be withdrawn at any time—the Bank reserving the right to demand the usual notice, to wit: Fourteen days if the amount is under \$1,000; twenty days if over \$1,000 and under \$5,000; thirty days if over \$5,000. The officers may, however, in their discretion, and in most instances will, pay without such notice. In order to pay interest to depositors, the Bank must invest its funds; and the object of the notice is to give it time to realize, when necessary, upon its investments. When desired, special interest bearing certificates will be given, payable at a designated time.
The Capital of the Bank has been paid in IN CASH, and has been invested by the Directors in reliable securities.
